#### Republic of the Philippines DEPARTMENT of AGRARIAN REFORM

SUBJECT: STANDARD OPERATING PROCEDURE (SOP) on the

Implementation of the PROGRAMANG AGRARYO ISKOLAR

#### PREFATORY STATEMENT

Pursuant to the provision of the Philippine Constitution, Republic Act 3844, Republic Act 6657, Republic Act 9700 and other related issuances, it is hereby emphasized that the vision of the Department of Agrarian Reform, among others, is to empower the rural population by focusing on the upliftment of the beneficiaries thereof through sustainable human resource development.

Toward this goal, a free tertiary education in state universities and colleges (SUCs) shall be made available within a meritorious framework to the qualified dependents of the Agrarian Reform Beneficiaries (ARBs).

To effectively institutionalize the implementation and operationalization of the PROGRAMANG AGRARYO ISKOLAR, thereby putting in place the policies, support systems and structures, the following guidelines are hereby promulgated for the guidance of all concerned, to wit:

#### 1.0 The Objectives of the PROGRAMANG AGRARYO ISKOLAR

- 1.1 To develop a pool of highly motivated, technically equipped and welleducated dependents of Agrarian Reform Beneficiaries (ARBs) who will assume responsibility for managing and making productive the land awarded to them under the CARP; and
- 1.2 To act as agents of change in the agricultural sector in order to spur rural growth and development.

#### 2.0 Brief Description of the Program

The PROGRAMANG AGRARYO ISKOLAR is an innovative program designed to provide qualified dependents of the beneficiaries of the agrarian reform program an opportunity to study and complete an agriculture-related four (4)-year college degree course from SUCs with financial support from the Department under a competitive screening system. The scholarship grant consists of tuition fee assistance, monthly stipend and book allowance.

#### 3.0 Qualified Applicants

- 3.4 Must be in good health and of good moral character;
- 3.5 Preferably single:
- 3.6 Must not be more than 25 years old at the time of application;
- 3.7 Must not be convicted of any crime involving moral turpitude; and

In like manner and under very exceptional cases, the Program may allow applicants for scholarships to five-year degree courses provided the dependent has completed all first year subjects and will be seeking entry as a scholar only for the remaining four years of the course that the grantee is enrolled in, provided further, that the applicant for scholarship has all the qualifications necessary for admission to the program. The grantees will not be allowed to shift courses or enroll in subjects not included in the core subjects of the course that the grantee has initially enrolled in.

Ladder-type certificate courses related to agriculture and/or the application of agricultural technology or non-degree techno-vocational courses on agriculture may also allowed for enrollment by the Program, provided that these courses are preferred to by the applicants and are available in SUCs.
