Pursuant to the Memorandum of Agreement signed between the DAR & LRA dated 21 May 1997 (Attachment A) the following guidelines and procedures are hereby prescribed.

I. OPERATIONAL GUIDELINES

1. The DAR shall ensure that all CARP transactions for registration with the Registries of Deeds shall be supported with documents required under the Joint DAR-LRA Operations Manual on Land Tiling, Registration and Distribution under RA 6657 (Joint DAR-LRA Memo. Cir. No. 9, S. 1996);
2. All Emancipation Patents (EPs) and Certificates of Land Ownership Awards (CLOAs) to be registered for the month should be transmitted to the ROD within the first three weeks of the same month. 3. The reckoning date of the registration of the EPs and CLOAs shall be the date of entry in the Primary Entry Book. Only such titles/documents which have fully complied with registration requirements per Joint DAR-LRA Memorandum Circular No. 9, Series of 1996, shall be entered in the Primary Entry Book. Those that lack the registration requirements and/or found to be defective shall be immediately withdrawn by the DAR Action Officer;

6

4. All EPs/CLOAs entered in the Primary Entry Book within the month shall be signed not later than the 5th day of the ensuing month;
5. All EPs/CLOAs submitted within the month of December shall be immediately duly acted upon. Those entered in the Primary Entry Book as of December 31 shall be signed by the Register of Deeds/Deputy Register of Deeds as soon as possible but not later than end of January of the ensuing Calendar Year. Any validation of accomplishment shall be conducted after January 31; and
6. The Joint DAR-LRA Monitoring Reports shall be accomplished on the basis of the Primary Entry Book in establishing the actual number of EPs/CLOAs registered and distributed, including their corresponding area and FBs involved.
7. The RODs shall keep a separate primary entry book for all EPs and CLOAs registered including other CARP related transactions.

II. MONITORING AND REPORTING PROCEDURES

Only one report should be submitted for that particular month. The report should be supported with list of EP/CLOA registered through the EP/CLOA Information System.
3. The report should contain the actual accomplishments during the month. If there is no accomplishment during the period, still the forms should be accomplished and submitted indicating zero accomplishment. No EP/CLOA should be reported as pending in the RODs for reason of failing compliance with the registration requirements. The same should immediately be returned to DAR through their Action Officers.
4. The Regional CARPOs for Operations shall coordinate and follow-up with the PAROs the duly accomplished forms so that the validated and consolidated reports can be submitted to DAR and LRA central offices on time.

DAR-LRA CARP MONITORING REPORT

The DAR-LRA CARP Monitoring Report is a three-page report to be jointly prepared properly and completely in quadruplicate and signed in each page by both PARO and ROD concerned. Form A (page 1) captures only information on new EP/CLOA transactions while Form B (page 2) captures information on subsequent EP/CLOA transactions. Page 3 captures information on other related transactions at ROD regarding CARP.

INSTRUCTIONS

1. Indicate the no. of EP or CLOA and the corresponding no. of FB covered by the EP/CLOA and the corresponding area in hectares opposite each item under the particular column. Put remarks when necessary to explain further the data entered.
2. Explanation by Item.
 - I. Pending EP/CLOA as of End of Last Month - This includes all EPs and CLOAs pending for registration as of Day 1 of the month covered by the report. This figure should tally with the ending balance of the previous month's report, if any.
 - II. EP/CLOA Received by ROD - This includes all EPs and CLOAs forwarded by the PARO and at the same time received by the ROD
 - III. EP/CLOA Registered - This includes all EPs and CLOAs entered in the Primary Entry Book during the month. Some of it may have been pending during the previous month (s) but registered only during the reporting month. Indicate the number of EPs/CLOAs and the corresponding area and no. of FBs actually signed by the ROD and released to DAR during the period. Only those which have fully complied with registration requirements per joint DAR-LRA Memorandum Circular No. 9, Series of 1996 shall be entered in the Primary Entry Book.
 - IV. EP/CLOA Returned to DAR for Correction and Proper Action - This includes all EPs/CLOAs received during the reporting month and the previous month(s) but at the same time returned to DAR for correction or proper action.
 - V. Ending Balance of EP/CLOA - This includes all EPs and CLOAs pending for registration. It is computed by adding **Item I** (Pending as of End of Last Month) and **Item II** (Received by ROD) minus **Item III** (Registered/Entered in the Primary Entry Book) minus **Item IV** (EP/CLOA Returned to DAR for Correction/Proper Action). This data will become the entry of **Item I** (EP/CLOA Pending as of End of Last Month) in the next reporting month.

Example: I - 30; II - 100; III - 80; IV - 5

Thus: $V = 30 + 100 - 80 - 5$
 $V = 45$
